

French – Curriculum Overview

Links with KS2 Curriculum

KS2 curriculum plans show that there is significant variability in the choice of language taught at primary, the provision of curriculum time given to languages and the content delivered.

Our KS3 scheme of work is therefore adapted so that:

- Students with little or no prior knowledge of languages will be taught the fundamental aspects of the foreign language so that there are no significant gaps in their foundational knowledge or understanding of languages. The key stage 3 scheme of work encompasses and builds on the key stage 2 programme of study, so no students will be disadvantaged by a limited experience of studying languages at key stage 2.
- The curriculum can be adapted so that students with significant prior knowledge of languages make good progress, building on their knowledge from key stage 2 and moving on from their starting point. Our languages curriculum is ambitious for all students, and teaching is informed by detailed, ongoing assessment of students' current knowledge and understanding. All students, therefore, can expect teachers to adapt lessons to ensure that they are challenging and allow them to make good progress.

Authentic Resources/Enrichment

- All our teachers are natives or have spent a significant amount of time in French and Spanish speaking countries. They are therefore an invaluable source of “authentic material” and reference to the cultural heritage is constant.
- Annual trip to Chateau de la Baudonière in Normandie.
- Foreign movie experience
- French performance company

Module 1 – c'est parti! - 8 weeks

Unit Title	Essentials	Content / Vocabulary	Grammar	Assessment	Common Misconceptions	Careers Links	Employability Skills
